Summary

Passionate software engineer looking for a place to put my abilities to good use. Currently in my second year of a Computer Science degree at FII Iasi, and doing a full-time internship at Bitdefender in the Cyber Threat Intelligence Lab department. Looking for job opportunities starting with the coming academic year (1st October). I'm open to full-time or part-time work, remote or on-site.

Technical skills:
Languages: C, C++, C#, Python, Javascript.
Frameworks/Libraries: Node.js, Express.js, ASP.NET, Django, JQuery.

Academic achievements:
Got a 9.85/10 grade at the university admission test (best in the english group).
Winning project in the FIIPractic full-stack .NET courses organized by Beenear.
I have a 8.5/10 grade average in my first year of university.
